MASS BURIAL OF ALL BODIES IN THE POLICE HOSPITAL

The Ghana Police Hospital requests all those who have deposited bodies of their loved ones in the Police Hospital Mortuary to come for them for private burials. This is to enable the necessary renovation works to be done at the facility two weeks after the press release.

This recommendation for private burials is based on Executive Instrument (E.I) 64, (1), (2) and (3) which approves private "burial of not more than twenty-five persons in attendance." "Organisers of such private burials are also expected to comply with social distancing and hygiene procedures including the provision of running water and handwashing soap, alcohol based sanitisers and disinfectants as stated in Section 4(2)(a) and (b).

Relatives are to take note of the necessary existing Presidential Order on public gathering for strict compliance

They are also therefore advised to contact the management of the hospital for the necessary arrangements towards the collection of the bodies.
